

# Cultural Days: Yuri's Day

On April 12, 1961, Yuri Gagarin became the first man in space. Delve into the history of the Space Race as we build capsules that will protect your model astronaut as they drop from high above, interact with our historical figures as they tell their own space stories, and finally, enter our poetry contest for the chance to win a membership to the Museum! The theme is in celebration of Yuri's flight: that first glimpse of earth from space.

**Admission to this Museum event is \$18 with a Golden Ticket.** Print or show this flyer at admission. Good Saturday, April 14, 2018 only.
