

SUMMER

CAMPS 2017

June 28-30

BEGINNER ROCKET CAMP Ages 9-14. Time: 10am-3pm, in the Space Museum
First a simple E2X series rocket on day one, next a B engine variant from a skill level 2 Estes or similar manufacturer's kit. Last is a team rocket using only parts designed and engineered by the student team. The rocket must perform within set guidelines and function flawlessly. Students will keep the two rockets built as an individual.

Cost: Members \$100, Non-Members: \$125

July 12-14

BEGINNER R/C CAMP Ages 11-14. Time: 10am-3pm, in the Space Museum
Do everything, from learning how the remote control system works, to designing your own model remote controlled aircraft. Students will learn how to fly using a Flite Test Kit they get to keep at the end of camp. End the week with handling the controls on a real remote control aircraft!

Cost: Members \$225, Non-Members: \$250

July 26-28

ADVANCED ROCKETRY CAMP Ages 12-16. Time: 10am-3pm, in the Space Museum.
This camp will allow students who have taken the beginning rocket camp to advance to a more powerful and complex rocket. In addition to a C motor rocket, students will design and build a scale model rocket. A more advanced team rocket will also be designed and flown during this exciting high flying camp.

Cost: Members \$150, Non-Members: \$175. Prerequisite: Beginner Rocket Camp

August 9-11

ADVANCED R/C CAMP Ages 12-16. Time: 10am-3pm, in the Space Museum.
For students who have taken our beginner R/C camp and are ready for a new challenge. Our advanced R/C camp will feature a full day of refresher 3-channel flying, ending in an afternoon of 4-channel trainer flying. Students will build and fly their own 4-channel aileron aircraft they get to take home. The Evergreen Aeromodelers will be with us for advanced training and students will also get stick time on quad copters.

Cost: Members \$275, Non-Members: \$300. Prerequisite: Beginner R/C Camp

August 16-18

UAS DRONE CAMP Ages 10-15. Time: 10am-3pm
Come learn about the fastest growing hobby in the world and become a UAS Drone Pilot! This 3-day camp will cover the basics of Unmanned Aerial Systems construction and flying. Build a quadcopter. Get simulator time on the latest UAS drones and live stick time on your very own quad you get to take home!

Cost: Members \$275, Non-Members: \$300 **SPACE IS LIMITED!**

FUN FRIDAYS DAY CAMPS 2017

August 4

JUNIOR ASTRONAUTS Ages 5-8. Time: 10am-3pm
Campers will learn all about our nation's manned space program, the history and the future of space exploration. We will also explore our neighboring planet, Mars. Campers will design a mission to Mars, build a Mars rover and fly paper rockets! Try on a space suit and eat astronaut food!

Cost: Members \$45, Non-Members: \$50
