

EVERGREEN AVIATION & SPACE MUSEUM

Cubs Something for everyone at the Evergreen Aviation & Space Museum

Cub Scout Programs

We offer excellent Cub Scout programs that explore the wonders of Space and aviation. Whether we are offering Space and Aircraft electives for Bears, or helping Cubs earn parts of the Science and Astronomy Belt Loops, our Museum programs can be tailored to meet your pack's needs.

Group Tours

View some of aerospace's finest achievements, including the *Spruce Goose*, the SR-71 *Blackbird*, the *Wright Flyer* and the Titan II SLV missile. Enjoy informative and lively tours led by our friendly staff and volunteers.

IMAX® 3D Theater

Featuring the largest IMAX screen in the Pacific Northwest, we will reserve you a seat for the latest 3D films.

Oak Grove Camping & Night Tours

Experience our collection of nearly 150 aircraft and spacecraft in a new light during an after-hours tour of the Museum. Then camp beneath the stars in our secluded Oak Grove, which has access to showers and restroom facilities.

Night Flight

Soar into the night with the legends of aviation. Students are invited to spend a fun filled evening of activities and learning in the Evergreen Aviation & Space Museum where you will slumber beneath the world's largest wing or near a gaint Titan II Rocket.
